

**North Star Extruder:** (please call for price quote)

North Star extruder models features a 4" square stainless steel barrel that is tapered at the top for easy loading. The standard extruder model are identical in shape, size, and capacity, and will accommodate any of North Star's large selection of standard extruder dies. Every standard extruder model comes with North Star's basic die kit, which includes:

- 8 coils dies
- 2 handle dies
- 1 square coil
- one hex coil
- a blank die
- die mask.

stock # 950 Stainless extruder pkg \$ 449.95  
 960 Jumbo extruder pkg \$ 775.00  
 970 Big Blue extruder \$ 975.00

**Ceramic Supply Extruder:** Retail \$ 322.91. In stock \$ **299.00**

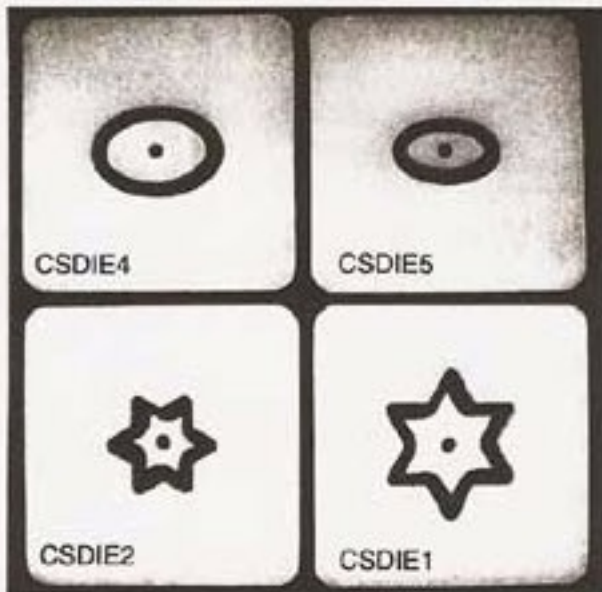

The Ceramic Supply 4" Wall mount Extruder is engineered for heavy - duty studio or classroom use yet it is economically priced for everyone's budget. The stainless steel barrel provides important versatility allowing work with porcelain as well as other clays. The top of the barrel is angled for easy loading. Holds approximately 7 lbs of clay. Designed with an extra long handle for easy strong leverage. All dies are produced from 1/2" thick wear resistant plastic that is totally non contaminating. Additional die sets are available including hollow dies. Individual dies can also be ordered.

- Package includes the stainless steel extruder plus basic die set consisting of die # 12,13,14, and a rubber mask

**Ceramic Supply extruder dies:**
